

## MCQA Charity Quilts – Size recommendations

### Harbor House

Any size okay  
Usually given at Christmas

### Pregnancy Care Clinic

45" x 60" and under (for baby size)

### Neonatal Unit

32" x 41"  
Use thin batting (ie – 4 oz polyester)  
Cut 63 blocks @ 5 x 5"; set 7 squares across x 9 squares down (use ¼" seams)  
Backing: 33" x WOF

### Bay Cliff – Large (bed size for the camp)

60" x 84" – 12" blocks set 5 across x 7 long  
Top is made of two different blocks sewn together  
18 "X" blocks – uses five prints; one in each corner and one in center plus four muslin or other solid fabrics in remaining positions (need 90 prints; 72 solid = 162 squares)  
17 "Y" blocks – uses five muslin/solid pieces; one in each corner and one in center, plus four prints (need 68 prints; 85 solids = 153 squares)  
Cut 4 ½" squares – 162 assorted prints (looks nice if you can keep the 4 or 5 prints in each block in same color family but scrappy looks good too)

153 muslin or solid squares (2 ¼ yards). Please keep all of these in the same color family for each 12" block. The blocks can have different solids or they can all be the same.

Always press toward the print fabric so x and Y blocks will interlock when putting them together

### Bay Cliff – Small (Campers take these home)

40" x 50"  
Use 80 different fabrics (approx. 40 character prints & 40 regular prints)  
Cut squares 5 ½" x 5 ½" – set 8 squares across x 10 squares long  
Backing: one piece of fabric 52" long x WOF  
Batting: approx. 42" x 52" Weight: 4 oz – 6.9 oz.  
Lay out squares in pleasing pattern, mixing character prints throughout top.  
Press seams in rows in alternating directions.  
Sew rows together; press seams in same direction.

Check with Karen at Bay Cliff to see if they need quilts.
