

## Directions

You will need 5 fabrics for this paper pieced block. Use a cream or off white for the background and medium or dark shades of one color for the stars. Prints are okay but should be predominantly the same color. After choosing the fabrics for your star, I recommend labeling your fabrics A, B, C, D, and E. Make 4 copies of the triangle{with the 1/4 inch seam allowance added} and follow your master plan for the color placement. Mark the individual triangles with the appropriate fabric letter. Be sure your fabric completely covers all outside seam allowances.

Leave the paper on the back.
